

Drinks by Design LLC offers a premium mobile bar catering service, providing bar and event staff services for private parties and public special events in Northern Michigan. We have been mixing up drinks since 2010 and can make drinks to fit your special occasion. We are professionally trained and certified bartenders ready to serve your guests the finest cocktails around.

We provide bar services for cocktail parties, corporate events, holiday celebrations, wedding receptions, office parties, tailgate parties, open houses, all all other special occasions. We can be a perfect addition to any non-alcoholic party as well with speciality non-alcoholic drinks. As the host of an event, we believe you should spend time enjoying the event with your guests, not serving them.

Drink By Design LLC can help you plan out every detail of your bar service needs. Then will execute the plan flawlessly with your satisfaction as first priority. We do not purchase alcohol; however, after consulting with you, we will provide a detailed shopping list of the items you will need for your event at no additional cost. We provide a variety of services and will be working with you every step of the way.
